Unity - to be / become one [unit]

Lee Iacocca once asked legendary football coach Vince Lombardi what it took to make a winning team. In the book Iacocca records Lombardi's answer:

"There are a lot of coaches with good ball clubs who know the fundamentals and have plenty of discipline but still don't win the game. Then you come to the third ingredient: if you are going to play together as a team, you've got to care for one another. You've got to love each other. Each player has to be thinking about the next guy and be saying to himself: 'If I don't block that man, Paul is going to get his legs broken. I have to do my job well in order that he can do his.' The difference between mediocrity and greatness is the feeling these guys have for each other."
